

To our customers,

On Friday night, June 19th, just before midnight, we had an electrical fire on the roof of the restaurant. Thanks to the quick response of the St Charles Fire Department most of the damage was limited to the exterior of the building. Because of this we should be able to do most of the repair work and remain open for business. We reopened the restaurant Monday, June 22nd.

We appreciated the phone calls from our many loyal customers. Your show of concern for our business was overwhelming. We are just glad that no one was hurt and that the damage was not as bad as it could have been.

We would like you to join us, our families, our management staff, and hourly employees in thanking the brave and dedicated men and women of the St. Charles Fire Department. We owe them a huge debt of gratitude. Please keep these firefighters in your thoughts and in your prayers. I know we will.

We look forward to seeing you in the restaurant,

Craig Uttendorf
